Objective

To obtain an Audio Producer position where I can offer my production experience, to enhance my skills in the Radio Industry. Continuing from my profession in UK commercial radio, where I have worked as freelance producer and presenter for 5 years.

Special Skills

From working in the media industry I have learnt many skills, which have included being experienced in the relevant computer software

- *Adobe Audition/Cool Edit Pro*
- *Sonic Foundry Acid Pro*
- *Enco DAD*
- *Brian/BCX*
- *RCS Master Control (Windows and DOS) and Selector/Linker*
- *Microsoft FrontPage, Word and Excel*
- *Macromedia Flash*
- *Adobe Premiere and After Effects*

I am also experienced in using a variety of radio broadcast and production desks, as well as having a good knowledge of vision mixing, editing and website creation.
